In reference to filing RFAI - May Monthly dated June 12, 2016
Transaction: SE.4458 - One Harbor - \$18,100.
The invoice for this production was not received until AFTER the ads were ran. It was reported as soon as the invoice was identified and paid on April 15, 2016. The Form 24 contained a Memo Text explaining the late filing. However when creating and uploading (using the FEC software) the May Monthly Report, the Memo Text did not get pulled over with the Independent Expenditure transaction (Filing ID: FEC-1063668 Transaction ID: SE.4463)
